

Dressmaking.

Passed by the Board of Censors.

After braiding hair on a string, it is sewed to a skull cap.

Dolly must have a part in her hair.

And curls and everything.

Looking for a little playmate.

Getting ready for little Bobby's side show.

A Doll's House.

In Toyland.

FORD EDUCATIONAL WEEKLY 203 - One reel
"PLAYTHINGS OF CHILDHOOD". ✓

Produced by Ford Motor Company, Detroit, Michigan.

Released thru Goldwyn.

Titles.

The joys of childhood, the fairyland of memories that hangs forever in our thoughts. An old rag doll or tin train played wonders with the imagination and everything else was forgotten in--toyland.

Joint dolls and crocodiles with movable jaws were found in the tombs of Egypt. In 1672 the first English toy invention was patented. Since 1852 patents have come from all over the world.

Making a Toy Piano. Gluing and nailing frames together.

Sandpapering and staining.

Varnishing.

Tuning and nailing keys to bridge.

Assembling and placing keyboard in position.

With an action like its bigger brother.

And a sound the neighbors will enjoy.

Making a doll -- the head and other parts are turned out of wood, making an unbreakable toy.

Painted by spraying system, which given an even surface.

An eye for an eye.

Making a swivel and placing it in a joint.

Assembling and giving final touches to complexion.

Dolly's shoes are first cut from kid and then sewed together.

The shoes are formed with the soles and insolves, then glued and pressed together.
